Josh  
Thrash Commercial Contractors, Inc.

Dear Josh:

I wanted to take a moment to provide you with a letter of reference you can share with anyone seeking to utilize Thrash Commercial Contractors as a general contractor.

I had the extreme pleasure of working with Thrash on the Education Expansion to Colonial Heights which was comprised of a 24,000 square foot addition with completion in the first quarter of 2014. I highly recommend Thrash based on my personal experience during this project. The budget was vital to Colonial Heights and Thrash worked as our partner to find the most cost efficient methods to reach our goals. The work was not only accurate but precise in each area of the project. Thrash simply went above and beyond at every point to provide Colonial Heights the best experience possible. Two years into use of the building I can say we continue to be pleased as the quality of the build has tremendous integrity. Perhaps the area that has shown the highest integrity is the response I have received during the warranty period. While the needs have been extremely low since the build was completed so well, when I have needed to contact Thrash, someone has responded by email or phone immediately and generally someone has been on site within hours! This is simply a level of customer service that is rare in the modern culture and one that I praise Thrash for maintaining!

There simply is no organization I have worked with in which I have experienced such a high level of workmanship and customer support and I give Thrash my highest recommendation.

Sincerely,

Geno L. Lucas
