Re.: Alcohol and Drug Services Center  
Region 8 Mental Health Services  
Mendenhall, Mississippi

To Whom It May Concern:

Thrash Commercial Contractors, Inc. completed the above referenced 18,420 s.f. project in August, 2007. Thrash exhibited the willingness to commit the manpower necessary to staff the job, along with the attention to detail required to bring the Halfway House project to a successful completion. The quality of construction performed by Thrash created a building that both satisfies the owner's needs and aesthetically enhances the local community.

We would welcome the opportunity to work with Thrash Commercial Contractors in the future.

Best Regards,

Carl Freiler Nobles Architect
