To Whom It May Concern:

We had the pleasure of working with Thrash Commercial Contractors, Inc. on full construction project for a 9,000 square foot building in Madison, MS. The space would be utilized for two pharmacies and a 2,400 square foot tenant space.

Lonn DeMoss, Project Manager and Jason McCoy, Project Superintendent made up the management team for Thrash Commercial Contractors, Inc. responsible for our project. They could not have been easier or better to work with. They carried themselves in a highly professional manner and were always on time and onsite. They were very knowledgeable about the process and true advocates for us during the construction process.

We would highly recommend Thrash Commercial Contractors, Inc. for anyone seeking a commercial contractor. We were so pleased with Thrash that we plan to use them for some additional work in our tenant space. We are looking forward to working with them again.

Sincerely,

John Hegi
